

July 1, 2015 – June 30, 2016 Annual Report

Mission Statement

Children's Advocacy Center for the 31st Judicial District delivers exceptional services to victims of severe child abuse. Our team directly reduces the trauma from abuse, through our provision of a well-coordinated multi-disciplinary investigation. We vigorously fight to break the cycle of child abuse by providing prevention services through education.

- 10 cases referred for Prosecution
- 215 Children received Back to School Supplies
- 21 Community Events for Prevention Education or Awareness Training
- 6751 children received personal body safety education through classroom interaction and assembly presentations
- 116 Adults were educated as Stewards of Children
- 539 Warren & Van Buren County School and Medical Personnel were provided continuing education
- 337 Warren & Van Buren County Pre-K Parents were educated in Child Abuse Prevention

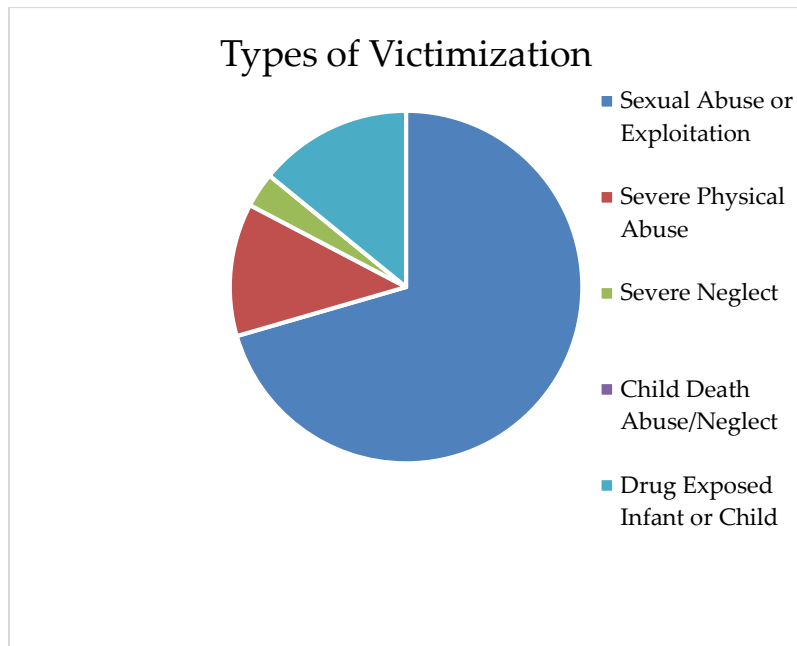

Measuring Results

The following information is obtained through voluntary participation in Client Surveys and Child Investigative Protective Team Surveys.

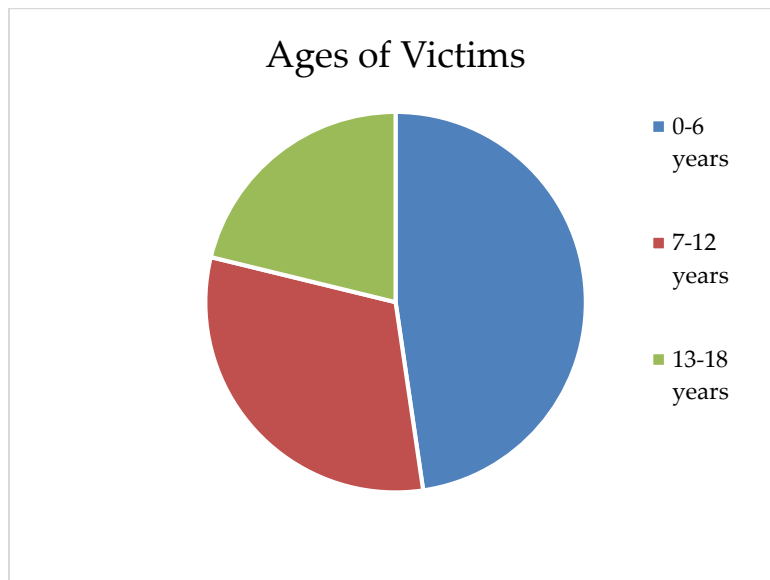

- **Caregivers and children feel safe** - 94% caregivers strongly agree their children felt safe during their visit to CAC31.
- **Caregivers felt informed** – 92% caregivers strongly agreed their questions were answered to their satisfaction. 92% caregivers strongly agree they were provided with resources to support their child and respond to his or her needs in the days and weeks ahead. 95% caregivers strongly agree they were provided with information on the various services and programs provided by CAC31.
- 92% Child Investigative Protective Team members strongly agree that the child and family benefits from a collaborative investigation approach.
- **Counseling Satisfaction** - 98% caregivers strongly agreed the trauma counseling services their child received were beneficial. 98% caregivers strongly agreed if their child needed counseling services, they would return to CAC31.
- **Counseling Results** - At the conclusion of trauma-focused therapy 60% children displayed between 22-90% improvement in their Post-Traumatic Stress Disorder assessment scores.
- **Prevention Education** – Evaluations from 94% of 5th Graders showed increased or stationary knowledge as result of our *It's OK to Tell* classroom education.

Program Statistics

During our 2015-2016 fiscal year, the Children's Advocacy Center for the 31st Judicial District and our Child Protective Investigative Team partners investigated 683 reports of child maltreatment within the 31st Judicial District. The severe abuse allegations perpetrated on these children were identified as:

86% of the alleged abusers were known by the child or family members (non-strangers)

1490 children have received comprehensive services through CAC31 since July 2006, when we started utilizing a data tracking system.

**72% reported as Sexual Abuse
89% Alleged Perpetrator known by family**

Kids Funfest and Safety Day - April 25, 2015

This event is a collaboration of the City of McMinnville, Children's Advocacy Center, Families in Crisis - New Beginnings, and Kids of Community along with area businesses committed to the betterment of our children. *CAC31 is merely the custodian of these records and restricted use funds on behalf of Kids Funfest and Safety Day committee.* All funds raised are dedicated exclusively to the annual production of this free day of wholesome family fun. Our mission is to provide education, physical activity, entertainment, and a meal to area children at no charge. A crowd of about 600 enjoyed a slightly dreary yet fabulous day of safety and education disguised as free food and good fun.

Kids Funfest and Safety Day epitomizes the amazing things that happen when a group of like-minded organizations band together for communal good. This event was possible because of those who dedicated countless hours to planning, those who committed financially, and all the organizations that volunteered their time on a highly coveted Saturday to provide activities or food for the children.
